WITH OUR BOYS IN SERVICE

Jim Riley, Western Union manager here, has received word that his nephew, Captain Patrick G. Leonard of Pasadena, a marine in the Central Pacific was killed in action. Captain Leonard saw service in Guadalcanal, and Tarawa and received the Presidential Unit Citation for the latter action. He was a graduate of Santa Clara University.

Frank Giovannoni, who is attending a naval electrical school at San Diego is really getting up in rank, according to a letter received by his wife here. Frank is now a seaman, second class. Keep punching, Frank, it's not far to an admiralty.

Jimmie Frazier, a gunner's mate, second class on one of Uncle Sam's ships out in the Pacific, had not received word that he is a father of a six weeks old daughter. His letter arrived July 28, so maybe by this time he has the good word and will dedicate a couple of japs to celebrate.

Ralph Bretthauer, a pvt. first class, now manning a machine gun on the front in Italy with the infantry, is much too busy to do more than write brief notes home, but in his last to his mother, he reported himself well and anxious to get home with a war well won a matter of history. He sent regards to his friends here. Keep 'em on the run Ralph, we are all pulling for you.

A couple more former local girls break into our column this week. We learn that Miss Alice Gordon the youngest daughter of Mr. and Mrs. S. E. Gordon, now living at Oakland, has just finished Marine boot training in the east and has been stationed at San Francisco. Her sister, Miss Margaret is a member of the WAC and is stationed at Fort Benning, Ga.

FREE LECTURE ON CHRISTIAN SCIENCE

A free elcture will be given on Christian Science, entitled "Christian Science, the Revelation of the Omnipotence of Good," by Herbert W. Beck, C. S. B., member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, of Boston, Mass., on Sunday afternoon, August 13 at 3 o'clock in the church edifice located at Wye, Tahoe Valley at the south end of Lake Tahoe.

The public is cordially invited to attend.

FENNON URGES POST WAR PLAN IN VISIT

Edward Fennon, Sacramento Valley district manager for the State Chamber of Commerce, accompanied by Robert Campbell, Oakland insurance broker, visited Truckee yesterday seeking more information regarding the Donner Lake controversy and discussing local post-war plans with Truckee Chamber directors. Fennon urged Truckee representation at a meeting to be held in the near future at Nevada City or Grass Valley when State Senator Jesse Mayo and his post-war planning committee from the state senate will outline proposals for reconstruction and work for after the war.

PROGRAM PRESENTED AT WYETHIA MEET

The following program was presented at the Wyethia Women's Club on Thursday afternoon August 3 by Mrs. Louise Thomsen of San Francisco, a talented vocalist:

Cargo, Handel.
Going Home, Dvorak.
Ceyenda, piano solo, Mrs. Dugan.
Lullaby, Waldrop.
I Love Thee, Grieg.
Rustle of Spring, Sinding.
Ernani and Villia, Cehar.
Encores—Mother Hubbard and Old Fashioned Garden.

VACATIONER DIES AT RICHARDSONS

TAHOE CITY, Aug. 10.—O. B. Foote, 45, a resident of Piedmont who has been vacationing at Richardson's Camp on Lake Tahoe with his family, died there following a heart attack Tuesday night at 5 o'clock. Foote had overexerted by swimming, it was believed. Four doctors in the vicinity worked for an hour trying to revive the victim. A Palcerville mortician removed the body.

BISHOP PORTER IS ROTARY SPEAKER

Bishop Noel Porter gave an interesting talk on the early history of Lake Tahoe from the time of its discovery by General Fremont when he addressed the Rotary Club Monday. He also discussed plans for the observance of the 100th anniversary of the discovery of the lake which will be commemorated at the Episcopal Chapel near Tahoe City Sunday.

Program chairman was Theodore Schlueter and Tom Buell presided. Visiting Rotarians were Rev. Porter, Rev. Cedric Porter of Nevada City and Otto Fox of Auburn. Other guests were Ed Kahler of Sacramento, Cpl. Bob Goodlad of Berkeley and Walter Peterman of Tracy.

Albert Canady of Sparks is spending part of his furlough with his mother, Mrs. Nancy Canady and his sister, Mrs. Laura Smith.

Miss Carol Brock of Ordway, Colorado, and Staff Sergeant Karl Kielhofer of Truckee, now stationed at Camp Swift, Texas, were married in Austin, Texas, August 8. More details next week.

TRIPLE EVENT WILL BE STAGED HERE BY BOY SCOUTS

A triple event is being planned by members of Troop No. 7, Boy Scouts, for Friday evening, August 18 at 8 p.m. in the Legion Memorial Hall when they will hold a Court of Honor, Parents Night and the troop will be presented with its charter by Executive Robert Frank of Auburn.

The affair will be under the leadership of Scoutmaster Reuben Swett and refreshments will be served during the evening.

Everyone interested in Scouting and those wishing success to the troop are invited to attend and make the occasion one to be remembered.

TRUCKEE PIONEER HAS 87TH BIRTHDAY

Frank S. Powell observed his 87th birthday yesterday, August 9th, and received the congratulations of his many friends in the community where he has lived for the past 44 years.

MORE NEW BOOKS AT LOCAL LIBRARY

Attention of Truckee readers is being called to the many new books now available at the Wyethia Club's lending library, open each Friday from 3 until 4:30 p.m. Among the most popular are The Razor's Edge by Maugham; A Tree Grows in Brooklyn by Smith; The Robe by Douglas; A Bell for Adano by Hersey and Leave Her to Heaven by Williams.

MRS. ROBERTSON IS INJURED BY FALL

Mrs. Alex Robertson, wife of the local supervisor, is a patient at a hospital in Nevada City recovering from a broken hip suffered recently at her home here. At latest reports her condition was as well as could be expected.

Mrs. F. S. Powell, also a patient at the hospital, is reported doing nicely and was visited this week by her husband, who accompanied Robertson over to see the sick ladies.

HEALTH PLAN IS UNDER DISCUSSION

TAHOE CITY, Aug. 10.—Fifty persons attended the meeting held Monday night at Community Hall when Dr. J. B. Askew, representing the State Department of Public Health and Supervisor Jack McFadden of this district were present to explain the proposed health unit for Placer County. Mrs. Bliss Hinkle of Tahoe conducted the meeting, with an open forum lasting for some time.

As explained the total cost of the proposed health unit would be \$21,000 with the county supplying \$15,000 and the state \$5,700. The various school districts would be asked to provide \$11,000 leaving a balance of \$4,000 for direct health taxation, which will approximate three cents per \$100 assessed valuation.

The proposed setup would provide a health officer, a health nurse, two visiting nurses, a sanitation expert and a clerk. Offices would be at Auburn.

While those present agreed the plan seemed good, all residents are invited to write their opinion before the budget hearing August 18. The correspondence and a petition being circulated by Mrs. Hinkle will be directed to McFadden.

CHINESE MEDICOS TRAINED BY AMERICANS SERVING WITH CHIANG KAI-SHEK

A medical unit comprising 743 Chinese aides trained by American medical officers is serving at present with the forces of Generalissimo Chiang Kai-shek, in the Burma campaign, it was revealed by Vernon Stoll, chairman of the Nevada county War Chest.

One of the 19 war relief and welfare agencies which receives support from the local fund-raising organization, United China Relief helps to finance the work of emergency medical training schools of the Chinese Army Medical Administration.

The message disclosed that in addition to the American-trained medical units serving in the Burma battle a second group from the emergency training schools has been assigned to the Chinese troop training center in India.

Return to Truckee—

Mrs. Albert Ring and infant daughter have returned to Truckee after a stay at Auburn where the baby was born.

My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

I am enclosing a copy of the new and improved (?) Dusty Digest, my latest master stroke. There are a few typographical errors therein. They are excusable on the grounds that I worked straight from 9 one morning until 2 the next morning getting it in shape for publication. In the main it has a good appearance but is not worth the money involved, but since I don't have to foot the bill, I should kick.

Was glad to hear that Johnny Sabini got in and out of D-Day without any material damage. I'm only sorry that more of the boys aren't blessed with his Irish luck.

I was reading some paper here—don't recall which—that said the news is all good until one stops to think of how many boys are dying to make it good.

I missed the Helen Parrish USC show here the other night. Figured the crowd to be more than comfortable, so we went to see Coney Island—more appropriately referred to as Corny Island. However, it was good clean entertainment.

GARDEN SHOW WILL BE HELD AUGUST 17

The annual flower and vegetable show will be held at the Wyethia Women's Club house Thursday afternoon, August 17 at 2 p.m. All local gardeners are invited to take their produce for exhibition. Attractive floral arrangements are being sought. Mrs. Robert Bick is chairman of the show and may be contacted for further information.

The public is invited to attend the affair.

PLACER FINANCES IN GOOD CONDITION

AUBURN, Aug. 10.—Harry Straine county expert, filed his annual report for the fiscal year 1943-44 with the county supervisors. It showed total receipts of \$1,784,576.39 from all sources against expenditures of \$1,682,504.31. Receipts from state and federal funds totaled \$368,141.03 for relief and charity; \$233,329.96 for elementary schools and \$166,829.80 for secondary schools.

20 ACTIVE SCHOOLS IN NEVADA COUNTY

There were 20 active elementary school districts in Nevada County in 1943-44 and two suspended in 1942-43 because average daily attendance fell below the minimum of five pupils required by state law for state aid, the California Taxpayers' association said this week, analyzing the adequacy of elementary school support in California counties.

Cherokee district was suspended in 1941-42 and Washington had four pupils in average daily attendance. Fourteen elementary school districts in the county had fewer than 20 pupils in average daily attendance.

French Corral with only three pupils in average daily attendance received \$1,605 from the state in 1943-44. Biggest elementary district was Grass Valley which had 734 pupils in 1942-43 and received \$44,574 from the state in 1943-44. Total appropriation to the county for 1943-44 for the 1,377 elementary pupils in average daily attendance was \$107,829.

In Hospital—

Dr. J. H. Bernard went to Reno this week for hospital treatment. His daughter, Mrs. Warren Davison of Livermore and children are staying here with Mrs. Bernard.

Shopping—

Mrs. D. Cabona went to San Francisco Monday to attend Market Week and purchase merchandise for their store here.

In Truckee—Mr. and Mrs. R. Catterlin of Oakland were in Truckee Monday en route to their home from a business trip to Carson City.

Visits Twin—

Mr. and Mrs. C. H. Teague of Washington arrived Tuesday evening to visit Mr. and Mrs. Robert Luck. The women are twin sisters and had not met for 23 years.

San Francisco's first public school house was built on the west side of Portsmouth Square in 1847.

Seawell To Give Support To Mayo During Campaign

"Best Qualified For Office,"
Local Senator Says
In Acceptance

The candidacy of Senator Jesse M. Mayo of Angels Camp, Calaveras County and nominee for congress in the Second district in the November election, will be managed by State Senator Jerrold L. Seawell of Roseville. Seawell is president pro tem of the state senate.

In accepting the appointment, Seawell said:

I do so feeling that Senator Mayo is the best qualified for this high office, and in these trying times the people of the second district need an experienced mountain county legislator on the job for them in Washington.

I have worked with Senator Mayo as a fellow legislator for 12 years, and have observed him as a conscientious, hard-working public servant. He has the respect of all the legislators who have been privileged to serve with him. He is the home-spun type of individual—the type that is truly representative of the mountain counties.

He is not given to promises that cannot be filled.

LIONS PREPARING FOR ANNUAL PICNIC

Preparations are going forward for the Truckee Lions Club's annual picnic to be held at old Tamarack at the west end of Donner Lake on Sunday, August 27. Chairmen Art Leitch and Dick Little are arranging the program which will include all the usual picnic features, games, boating, swimming, visiting, eating and resting. One of the big features is expected to be the horseshoe pitching contest featuring the top-notch experts. Last year William Englehart, Jr., captured honors in this event, but he will be given able competition this year.

Permission to use the location was obtained from the Donner Lake Co. All Lions, their families and guests are invited.

RETAIL SALES DROP IN NEVADA COUNTY

SACRAMENTO, Aug. 10.—Retail sales in all counties of the Sacramento Valley area, only three exceptions, have advanced sharply, not only as compared with the postwar year 1939 but also with the record year of 1929, it was revealed in estimates just completed by the research department of the California State Chamber of Commerce. Only three counties in the Sacramento valley failed to show increased volume in retail sales last year, and in the state only ten failed to register gains.

Nevada County, one of the three registering a loss showed a 17.6 per cent decline in 1943 over 1939, retail sales dropping from \$8,819,000 in 1939 to \$7,266,000 in 1943. Sierra showed the largest loss of 20.9 per cent when sales went from \$901,000 to \$713,000. The only other drop was recorded by Trinity County, a 7.7 per cent decline.

Child is Ill—

The three year old child of Mr. and Mrs. Charles Byers is ill in Reno from an attack of appendicitis.

Marriage License—

James Darrell Jones, 21, and Berile Estelle Griffin, 19, both of Truckee were issued a marriage license at Reno on August 8.

Guests Here—

Mr. and Mrs. John Langille of Berkeley visited their son and daughter in law, Mr. and Mrs. H. T. Langille during the weekend.

Goes to Winters—

A Bianchi left last week for Winters and the bay district, following a visit with local friends.

Returns to Auburn—

Mrs. Carl Weeks returned to Auburn after visiting friends here.

From Illinois—

Mrs. M. H. Hanson of Havana, Ill. is visiting at the home of her son in law and daughter, Mr. and Mrs. M. C. Hayes.

Sheriff is Grandfather—

Sheriff and Mrs. Carl Tobiasen are now grandparents, since their son and daughter in law, Mr. and Mrs. Elton Tobiasen have a daughter, born at Grass Valley last Friday.

Returns for Summer—

Max Hochecker returned to visit here from San Francisco.

The average American motorist today uses only 43 per cent as much gasoline as he used in 1941.

: Sun : Beams

by WALTER M. BARRETT

If every ration board office was so situated that every patron was required to pass through a veterans' hospital to make complaints against rationing and price control, we'll bet there would be far fewer complaints. Not that we believe in rationing or any other similar governmental suppression of legitimate enterprise, except as definitely a war measure, but there are those who can't accept these comparative trivial restrictions even during the war. If these regulations will make the war one day shorter, it will save hundreds of lives and we certainly believe that in that event we are not doing the right thing by not trying to conform as nearly as we can and still retain some of our American rights. After the shooting has stopped, then we can all yell and fight back to our hearts content and don't think we will not!

State Senator Jerrold Seawell this week announced that he had accepted the post as campaign manager in the northern portion of the Second Congressional District for Jesse Mayo, state senator from Calaveras County. In our opinion, nothing since the announced his candidacy has done more to increase Mayo's chances at the November election than the announcement that Jerry Seawell will sponsor him. Seawell has gained the confidence of the people of his own district through fair dealing and by his constant attention to details that affect the people of the region. We know that Seawell is sincere in his campaign for Senator Mayo and feel that the voters of the district will give consideration to Seawell's desire to have Mayo elected.

We enjoyed a brief visit this week from Edward Fennon, manager of the Sacramento Valley district of the State Chamber of Commerce and we can not help but be impressed with the attitude of the state chamber toward our local problems. Fennon and other state chamber officials have evidenced their willingness to aid local projects and have proven this in past actions. One outstanding example is the fight they are carrying on in the attempt to save Donner and Independence Lakes from becoming only reservoirs for Nevada interests. Truckee really owes Fennon and his co-workers a debt of thanks.

SIERRA SUN EDITORS OBSERVE EIGHTH YEAR IN TRUCKEE

Next Sunday, August 13, will mark the 8th anniversary of the current management and editorship of the Sierra Sun and Truckee Republican. It has been the intention of the editors to make the newspaper worthy of the fine community in which it is published and we have earnestly tried to make the Truckee-Lake Tahoe and adjacent areas better places to live. If we have succeeded in these two chief aims, we count the eight years well spent.

MESSANGER IS NOW SOLE SIERRA PAPER

Suspension of publication of the Sierra Valley News at Loyalton by Editor C. O. Wahlquist, who has taken over the Portola Reporter for the duration, relieving Editor Bill Blizard, now in the service, leaves only one newspaper in Sierra County, The Mountain Messenger, published by Eugene C. Stowe at Downieville. Wahlquist said he was unable to get gasoline to travel between Loyalton and Portola and was forced to discontinue the News.

ENGINE DERAILED AT BLUE CANYON

COLFAX, Aug. 10.—A locomotive was derailed on Knapp's Siding near Blue Canyon as two freight trains collided, delaying traffic for a brief period. The impact was light when the two trains, going in opposite direction attempted to take the siding at the same time.

Marriage License—

John E. Winn, 44, and Alta Mae Payne, 37, both of Truckee were issued a marriage license at Reno on August 8.

Tracy Relative Here—

Mr. and Mrs. J. R. Wolert have the following relatives visiting them this week: Mr. and Mrs. Charles Peterman, Mr. and Mrs. Goodlad and Mrs. McBrien all of Tracy.

Gasoline Truck Wrecked; Traffic On Road Halted

Driver Uninjured As Huge
Truck Spills 6,000
Gallons of Gas

More than 6,000 gallons of high-octane gasoline were poured out on the highway and a huge Lang truck and trailer were wrecked Monday morning about 7:15 o'clock when the vehicle got out of control on the curve at the San Francisco Flycasting curve and overturned.

Although the cab was virtually demolished, the driver, David N. Kelly, 37, West Sacramento, escaped with only two scratched fingers.

State Patrolman T. F. Sheehan, who made the investigation, said the truck careened off the guard rail, struck the soft shoulder and overturned, skidding and rolling nearly 300 feet down the highway before it landed rightside up, but wrecked so badly the scarce gasoline was all wasted. Fortunately no sparks of flames were permitted near the scene of the accident.

Traffic over the highway was stopped by Sheehan and Patrolman K. C. Kolb until the danger from fire was eliminated and the highway cleared. The driver, Sheehan said, told him he was traveling 40 miles an hour going east when he lost control.

GORDON VISIT; TELL OF FAMILY ACTIVITY

Mr. and Mrs. Scott Gordon of Oakland were here this week visiting local friends. A report of two of their daughters will be found in the service mens. Sister Sabastian, another daughter, is teaching in a Catholic school at Benicia and their son, Robert is in war work in Oakland. All four children were students at the local high school when Gordon was roadmaster for the Southern Pacific here.

rites ARE HELD FOR ALBERT ARMBRUSTER

Funeral services were held Wednesday morning at Roseville for Albert J. Armbruster, 61, who died Sunday in the Southern Pacific Hospital at San Francisco.

Until two years ago, the Armbrusters resided at Norden and Truckee and he was employed by the water service of the Southern Pacific.

He leaves his wife, Mrs. Agnes Armbruster and his son, J. A. Armbruster both of Roseville and a sister, Mrs. E. L. Beerman of Lincoln.

THREE FETED AT REBEKAH MEET

Naomi Rebekah Lodge No. 2 held a meeting last evening at which Mrs. Earl Johnson, recently married, was an honored guest, as was Frank S. Powell who was observing his birthday and Mrs. Lucille Bick who will have a birthday soon. Gifts were presented to the three honorees and games and refreshments were enjoyed after the business meeting.

FLYER SPEAKS AT MEET OF LIONS

Louis Costa, who flew with the Flying Tigers in China before the outbreak of the war, told of some of his thrilling experiences at a meeting of the Lions Club last night. The program chairman was Tom Dolley and President H. T. Langille was in charge of the meeting.

Guests included Jack Thomas of the Sutter Lions Club, Charls Stillson of the Sacramento Club, Cpl. Manuel Machado of Sacramento and Joe Lansberg of Los Angeles.

WOMAN KILLED IN VERDI ACCIDENT

Mrs. Georgia Loehnberg, 36, of Hayward was killed and two men, Kenneth Dowell, 22, a sailor from Ariel, Wash., and Walter Sam Burd, 50, of Stockton were injured when a car in which they were riding blew out a tire and turned over near Verdi Tuesday. The woman was thrown 60 feet and killed instantly. Both men escaped with minor injuries. Dowell said he and Mrs. Loehnberg were on their way to the east coast and that Burd was a hitchhiker.

San Francisco Guests—

Mrs. Fred Crossman and her niece Miss Ann Rathborn of San Francisco are guests of Mrs. M. J. McGwinn.

MUST ASK FOR JOBS

SACRAMENTO, Aug. 10.—(UP)—Many veterans are losing their employment rights because they do not realize the law requires them to ask for their old jobs within 40 days of their discharge from service, the state war council said today.

NO MORE FRANKS

SACRAMENTO, Aug. 10.—(UP)—The state defense council is buying postage stamps again, as the result of recall by the federal office of Civilian Defense of franked envelopes previously supplied to the council.

That the principal place where said business is situated is Front Street, Truckee, Nevada County, California.

That the names of all the persons interested as partners in such business together with their respective places of residence are as follows: N. F. Dolley, residing at Truckee, Nevada County, California.

Gladys Dolley, residing at Truckee Nevada County, California.

IN WITNESS WHEREOF, the said N. F. Dolley and Gladys Dolley have set their hands this 20th day of July, 1944.

Campaign Oratory

20,000,000 NEW FRIENDS

In addition to the sizable quantity of food which is added to our nation's larder by Victory gardens, this sample of farming tasted by 20,000,000 families may do even more permanent good in giving people in general a greater appreciation of the problems and headaches of the professional farmer.

After spending hours and hours of hard, physical labor preparing the soil and planting, only to find that their efforts are often entirely fruitless because of the invasion of some destructive bug, or because it rains too much or doesn't rain enough, the Victory gardener cannot help but feel genuine admiration for the man who, year in and year out, manages to eke a living from the soil.

After this, when proposals are made to help out farmers who have had their crops destroyed by unseasonable weather, or who, because of an extra good season are unable to dispose of their crops they will want relief.

PICKING X-DAY

It's hard to know whom to believe. One day Mr. Churchill intimates that the war may end almost anytime and the next day Secretary Stimson makes it clear that he has no such expectations. Both made their statements following a visit to the front.

Probably it hinges on so many unknowns that even these informed gentlemen are not in a position to predict the time of victory with any degree of accuracy. If we took a poll on the subject "When do you think the war will end?" among 100 people who only know what they read in the papers, and then took a similar poll among 100 top war officials, the chances are the degree of accuracy would be about the same.

We recently heard the opinion of a supposedly informed Russian who, after analyzing the situation from all angles, finally came to the conclusion that the European war will end on October 20 of this year. For people who want to be specific, even if they are wrong, that might be as good a day as any on which to place your money.

TIRE DEALERS WARNED TO
GUARD AGAINST THIEVES

Tire dealers this week were warned by Gilbert McNeil, Sacramento district OPA rationing executive, to take the serial numbers of every tire in their possession and keep these records in a safe place outside their shops in order to help police and OPA enforcement agents in tracing stolen tires.

McNeil said one large oil company recently furnished OPA with the serial numbers of all tires stolen from its stations. Investigators are watching for these tires to appear in shops with unsavory reputations and on passenger cars parked on the street.

The OPA executive warned that trafficking in rationed goods is a federal offense punishable by fines up to \$5,000, a year in a jail, or both.

Uncle Sam wants
your appliances to
last. Keep them
in repair!

Look over all the appliances in your home. Check particularly those appliances you use constantly, like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or conditioning? Durationize your appliances with constant care and timely repair. That also means careful use to avoid abuse. Blasting your radio at full volume, for example, can shorten its life. Use it, but tune it down. Open your refrigerator door as seldom as possible. Keep your fireplace damper closed when heating equipment is in use. It prevents heat waste up the chimney. Your government wants your present appliances to last for the duration. Their services save you time and money.

Due to advance of Japanese troops in China, Kweilin is being evacuated. Chinese civilians completely cover a flat car on an outgoing train at South station, Kweilin, China, en route to safety zone.

TAHOE LETTER

To the Service Men
From SWANEE

Tahoe City, Calif.

August 6, 1944

Dear Tahoeites:

Sunday again, and I have just arrived back from Reno, where I spent several days. Had to seek the services of a doctor for a dislocated neck, which at this writing is some better. It was a beautiful day there, with a brisk wind blowing to cool the heat of the day and part of the afternoon daughter Phyllis and little grand son, Sammy Lee and I spent listening to the Reno band which played for an hour or more in the park beside the Truckee river. Numerous servicemen from all branches of the army and navy and even some Canadian fliers were among those present and it was a very pleasant experience.

Encountered more cars coming to Tahoe this weekend than I have in many weeks. And wouldn't help thinking on the way to Truckee how very much the older residents of the lake area are going to miss the old Espee train that used to enliven the Tavern depot on summer evenings as it took off around 10:30 nightly and spilled its laughing, vacation loving passengers out each early morning in time for breakfast. And the old steamer Tahoe will never be forgotten as it sailed proudly around the lake's vacation spots, its sturdy little smoke stack spouting billowing clouds behind and the music from its decks bringing a cheery greeting to all the residents who waited its passing each morning. Work of dismantling the poels and rail tracks continues and about all the old path is good for now is equestrians.

Warm Weather

Tahoe has enjoyed rainless weather for some time now and the days are warm and sunny, although the nights are somewhat nippy. Guess this isn't going to be one of those sultry summers, the scientists telling us that the sunspots appearing on the face of the sun 'ecree this kind of weather, and a long hard winter ahead. Only hope the highway department will consent to keeping the road open if that is the case.

Had a brief note from our old neighbor, Mrs. Gerda Kvistberg at Avalon who was pleased to have grandson Lt. James Easton's address. She ent along some Sierra Suns she had been saving, some boxes of candy and gun and cookies are coming up next week.

Had a grand letter from Sgt. Billy Becholdt last week from Camp Swift Texas. He had received the snap shots and enjoyed them. Bill was writing his letter sitting on a stump deep in the heart of Texas and said it didn't make much difference whether you were in the shade or not, the temperature was just about the same.

And the nights are even worse, for the boys have a continuous bout with copperheads and rattlers and often some nice fat blackwidow spiders! Bill hints that he would do KP for the rest of his days if he could just get back to our beloved Tahoe with its cool blue waters and lovely surroundings ever so often.

Also in last week's mail came a very welcome letter from Mrs. Bill Wathen, mother of Av-C Robert W. Wathen, now stationed at Selman Field, La. I have his newest address and will be glad to pass it on to his old friends here. Mrs. Wathen paid Tahoe a brief visit during the latter part of June and the first of July but somehow I missed seeing her. So she wrote to bring us all up to date on Bob. He surprised his folks recently by coming home on furlough but had only 11 days and it seemed pretty short coming from such a long distance. However, he took advantage of plane transportation and had a number of extra days at home. He told his folks he had been busy keeping up with classes and study periods and had little time for anything else. The only time off they have is from noon Saturday until midnight and on Sundays from 8 p.m. And in that time they must care for their clothes and maybe get a snatch of some entertainment. Because of the heat he doesn't have much of an appetite and was a bit thinner, but looked fine, his mom wrote. As far as Bob knows he will be stationed at Selman Field until the middle of November. From the non he said, most anything can happen. He asked that we deliver his warmest greetings to his many old friends in the Tahoe area and expressed great appreciation of the Service Letter in the Sierra Sun each week, as this is his only method of keeping track of old companions and the goings-on in his home town. Mrs. Wathen says also that she and her husband equally enjoy the Sun for even though they cannot occupy their little cottage in the Bittencourt tract they are still vitally interested in the everyday life of Tahoe.

Last week saw one Tahoeite depart and another arrive. S-2c Edna Wheat of Norman, Oklahoma, arrived Saturday last week and departed Thursday after her delighted family thrilled to have her back amongst them once more. She found things a little quiet as there are so few of her old friends still around the lake these busy war days...but she had a daily swim, took in some shows and resorts and left for her post gain. I took some snaps of her and hope to send them along as soon as they are returned to me.

Arriving Wednesday night, Pvt. Pete Vanni and his mother, Mrs. D. Vanni opened their Bittencourt Tract home for a visit and Pete lost no time in getting around town greeting friends. He looked elegant in his uniform and proudly wore a sharp-shooter's medal. Got to see him for a moment Thursday evening at Lake Inn, and was he glad to be home again. He told me his brother, Carlo who worked for years at Tahoe as a stonemason, is now in England and has acquired the rank of Pfc. He had been 14 months in the service and with the infantry in England for six months.

The C. A. Stoddard family of Lake Forest have certainly enjoyed the past few weeks, for they are staging a family reunion. Daughter, Joyce is up from Hollywood where she holds a responsible position with Lockheed and daughter, Mrs. Harvey Seickert her husband and little son, recently of North Hollywood are also with them for a visit. Harvey will enter the service the middle of August and his wife and family will visit here indefinitely. Joyce is doing her bit by donating her musical talents in the southland at the Hollywood and San Fernando Valey USO's where she plays the accordion and sings. The Stoddards reveal that their son, Lee who is a gunner's mate 3-c has been in New Herbrides for some time and was recently confined to a hospital there for treatment for mangled fingers received in the performance of his duties. He is believed recovering in good shape. Another son, Curt, who is attending summer school here this year, will join the service at the conclusion of the season. All in all the Stoddards are a war-minded family.

Forgot to mention a letter received by Mrs. Evelyn Bliss several weeks ago from Lt. Guernsey Breckenfeld, from Tahoe Tattler editor here, who has been stationed for some time in New Mexico where he is in the personnel department. He is now the father of a baby daughter, Peggy, over a month old, who was born at Stanford hospital. His wife and baby are with her parents in San Francisco during his sojourn in the army.

Mrs. Fred Cowell of Tahoe City spent several weeks visiting with members of her family, returning last week. She was thrilled when her son, Cpl. Donnie Cowell of Camp Grant, IL, received a furlough home and went to Stockton to meet and visit with him. Lack of time prevented him from coming to Tahoe to see his many friends here, so he sent best wishes back with his mother. He stopped in Chino to visit his brother, Robert and family and visited with his father for several days in San Francisco. Donnie looked well but was anxious to get the war over with, just like the rest of you.

Had a call from the Tallac telephone office last week where Mrs. Don Snyder is employed for the summer. She is the former Martha DeGanna who spent several summers as a member of the crew at the Tahoe exchange. She tells me that her husband, now a Lieutenant has been

overseas in the Pacific area for 17 months with a navy ship repair unit of the USNR. His brother Bob, now a Pfc. has been in the service more than a year and is stationed with the infantry in the Alaska theater. Both boys are sons of Mr. and Mrs. A. A. Snyder of Lodi who formerly operated a lumber yard in the Lake Forest district.

Home again after many weary months of counting days and hours is Marine Pfc. Marilyn Hinkle from her post at El Centro where she is gunnery instructor. She and her dad Dr. George Hinkle of Sajn Francisco and Berkeley, motored up Friday and Marilyn has until around August 13 or 14 before she must tear herself away to duty once more. She came in time to see Pvt. Pete Vanni, who departed for Camp Fannin, Texas on Sunday and got to talk with her old schoolmate, Pvt. Al Henry, Jr., who came up from Stockton Airfield to spend the weekend with his family. Marilyn reports she frequently sees her sister, Sue, Mrs. Donald Enfield and family, including little David now three years old, and Deidre, just one next month. They live at Hollywood and Marilyn flies up and back on her shorter leaves. All are well. And a little bird tells me that Marilyn has a serious romance budding with only time and Dannie Cupid knowing the eventual outcome, so don't be surprised if we have another engagement to announce in the not too distant future.

Will have some good news to pass along to all you boys next week when I will have more information from Floyd Carnell who has been appointed by Truckee Post, American Legion to secure all the names of the Tahoe boys in the service with the idea of placing them on an honor roll which will be given prominent display in a permanent spot, probably in the Tahoe Community Center. It's something I have long tried to accomplish and I for one am very well pleased to have it come to pass.

First man in with a deer this season was M. G. Hamilton of Tahoe Lodge, Tahoe Park—BUT he didn't get the deer at Tahoe. He and a companion, Melvin Rose of Colusa were among the first to come back with their kills more than a week ago on opening day in that area. Hamilton's buck was a three-pointer and dressed down at 125 pounds. He claims that he and his partner saw

at least 50 fine fat bucks in that country between 6 a.m. and 2 p.m. with a hunter for every deer seen. Dick Anderson, merchant marine, son of Mr. and Mrs. Clifford Anderson of Tahoe Cedars is enjoying a visit home with his parents for 30 days. He is accompanied by his wife. The level of the lake Monday was 6227.37 with 288 CSF of water leaving the gates. Coldest day of the past week was August 2 with the warmest August 4 and 5 when the temperature reached 79 degree. Willie Arnold, who resides near

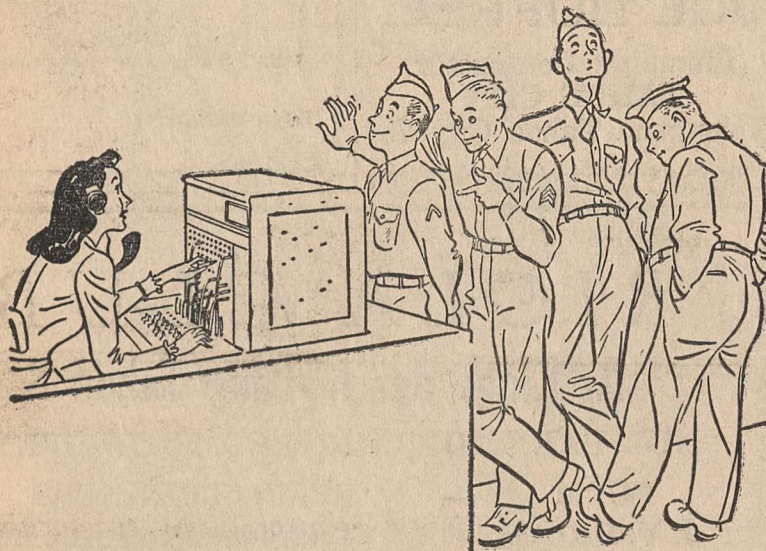

Protect Vital Wheel Bearings

Ruined wheel bearings may mean an idle car or truck these days. It's not always possible to find new ones. Let your Standard Service Man keep yours in good condition by regular servicing, and repacking with specially made RPM Wheel Bearing Grease. It stands up in extremes of heat and pressure and lubricates for thousands of miles.

Record Month Behind on Red Warsaw Drive

As the Red army approaches the very gate of Warsaw in one of history's most spectacular surges, something of the accomplishment of a single month can be gathered by noting the darkened area on the map. In one month from the opening of the Red's summer campaign, operating under seven front commands, they had pressed 317 miles toward Warsaw from a point east of Mogilev to the furthest point of penetration north of Brest Litovsk. Sensational gains have been made all along the line, but the most sensational have been toward Warsaw.

Chambers Lodge was host at a dinner party at Forest Inn last Thursday his guests being Mrs. Lee Druhn, Miss Bertha Kreuger and Mr. and Mrs. Charles Swanson.

Clinton Turnage visited his home in Lake Forest last weekend from Lodi.

In town for several weeks vacation is William Shifton who has been working for many months in the Richmond shipyards. His wife, Ruth, drives a truck there and did not accompany him. The Shiftons home is in the Bittencourt Tract.

Dr. George Hinkle who spent the weekend with his family left for San Francisco Sunday evening. He carried with him Mrs. D. Vanni and son Pete and Al Henry, Jr., all returning from visits to the lake.

Carl Olander of Forest Inn celebrated another birthday Friday, August 4. His guest for the past two weeks has been Robert Evans of Breuners in Oakland.

Mr. and Mrs. L. Kennedy of Oakland departed from Tahoe and their Timberland summer cottage for a short time Monday, but plan to return later. He is tax collector for Alameda County.

The McLaren family of the peninsular are enjoying a visit to the family home in the Sunnyside district this week.

Sgt. Les Perry has departed for his Oklahoma post after remaining with his wife and her mother at Reno for several days during which he had his first glimpse of his new little son, Ulysses, II, still in an incubator at St. Mary's Hospital where he continues to gain strength daily. Leatrice is remaining with her mother at Reno.

Men! Ever Wanted a locomotive fireman's job?

You know, up in the cab...may be a string of war freights behind you...and power to go places! A fireman's job is something, all right. Vital, too. Normally, not easy to get. Today, however, Southern Pacific has some special openings for Firemen. And here's the thing: no experience needed. We train you in a couple of weeks or so. Then, as a full-fledged fireman you'll make around \$220 per month even at base pay. (Some average considerably more.) Many extra advantages, too, at S.P.—fine pension plan, railroad pass privileges, medical services, job with a big company...with the one war industry on which all others depend. Come in and talk it over. See or Write J. A. McKinnon, Asst. Superintendent, Sparks, or your nearest S. P. Agent

20,000TH FLIGHT OF CARGO GOES OVER HIMALAYAS

Carrier planes built by American industrial plants are now carrying more supplies into China than ever moved over the old Burma road.

The planes, operated by Pan American Airways in partnership with the Chinese government, recently completed the 20,000th flight over the Himalayas with urgently needed war materials. Each plane is now doing the work formerly accomplished by 90 trucks following the land route.

Battle deaths in Russia in World War I totalled 1,700,000.

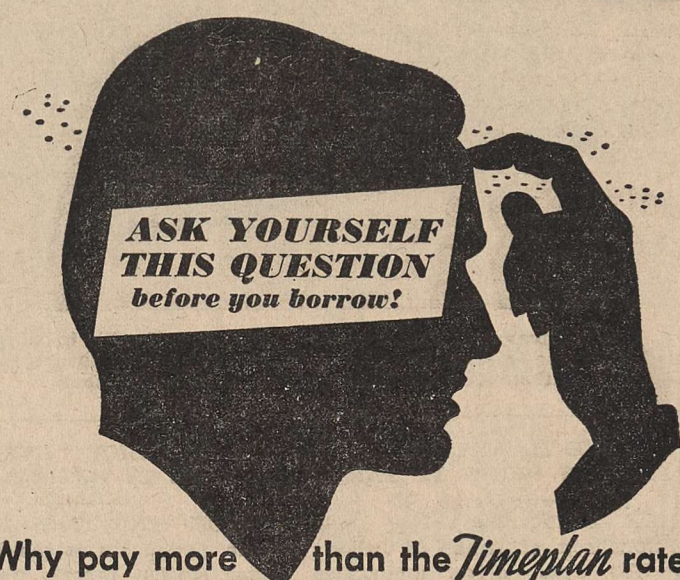

Most of the world's production of arsenic is used in insecticides, weed killers and wood preservatives.

LOSE YOUR SHIRT IF YOU DON'T PAY "YOURSELF"

As a sedative to numb the fear of public debt, the people have been told that no harm could result from the debt because the people owe themselves.

Harold G. Moulton, head of the Brookings Institution, has knocked the "owe it to yourself" theory into a cocked hat in a booklet entitled, "The New Philosophy of Public Debt." He shows that those who PAY taxes to support the debt are not identical with those who receive the interest on the debt or the government bounties which the debt makes possible.

While the people may owe the public debt to themselves, the man who is taxed to pay interest on the debt will soon find that the tax collector will take his shirt if he does not pay his taxes, to pay interest on a debt which he "owes to himself."—Ripon Record.

Why pay more than the *Timeplan* rate
for a personal or auto loan?

The cost of a Bank of America *Timeplan* personal loan, repaid at maturity in 12 equal monthly instalments, can be as much as 50% less than the cost of a similar loan arranged through many lending companies...and there are no other charges—no deductions.

You can arrange a *Timeplan* personal or auto loan quickly and without red tape through any branch.

Small Talk

By M. F. (POP) Small
United Press Staff Correspondent

SACRAMENTO, Aug. 10.—(UP)—That noise you may have heard as of something of glass being dropped of a brick sidewalk, hasn't anything to do with a popular song about the milkman.

It's the liquor question, which is about to bust wide open in California.

The state constitution provides that alcoholic beverages may be sold by the drink in eating establishments. But in many taverns which opened subsequent to repeal, liquor is not the side-line with them, it is the serving of food that is incidental, if not a blamed nuisance.

As administrators of the liquor laws, the state board of equalization has from time to time suspended licenses of places where no food at

all was being served. Usually the license was reinstated in 10 days, that being regarded as a sufficient period to enable the place to get in some grub and maybe even hire a cook.

However, a Santa Clara county judge recently decided that a tavern whose food business was only 20 per cent of its gross was patently breaking the law. The board of Equalization thereupon announced a new procedure.

That is, two members of the board announced it. The board doesn't act as a unit in such matters. Each of the four members is king in his own district.

Bonelli of the Los Angeles district and Quinn of OaOkland said publicly that they are going to revoke the license of any place that doesn't conduct a bona fide restaurant—if some body makes a complaint.

Collins of the northern district, although he was sitting with Bonelli and Quinn, didn't say anything. Reilly of San Francisco was not present. Quinn and Bonelli said they hope that by revoking licenses, some enraged tavern owner may appeal all the way up to the state supreme court and force a definition of bona fide restaurant.

Meanwhile, the prohibition party in its state platform, called on the board to revoke the license of any place not serving at least 51 per cent food in relation to total dollar volume if the rest of the gross is derived from liquor sales. The prohibition party wants the board to take the initiative, not waiting for complaints.

Then a couple of state interim committees took steps to study separating taxation from liquor. This would reduce considerable importance of the equalization board whether it kept liquor and lost its tax functions, or vice versa.

Well, this is all helping to set the stage for a big show in the legislative arena next January.

Backstage, of course, will be the famous Artie Samish, lobbyist for the liquor people.

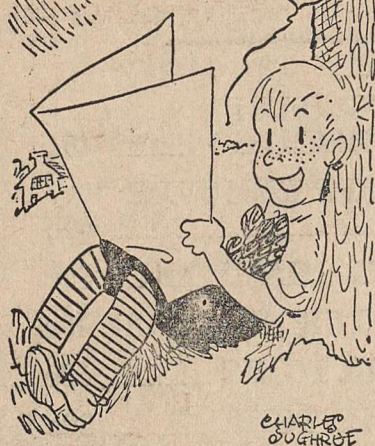

Artie comes to town every so often between sessions, if for no other reason that to see how a pet project of his is getting along. This is a package liquor store in a down-town hotel which sells only to servicemen.

They pay less than ceiling price and oftentimes can buy de luxe bourbon when civilians have to be satisfied with the rum which is all that other stores have on their shelves.

Celmo'd, which was invented in 1868, was the first commercial plastic produced in the United States.

NEWS ITEM—NUMBER OF FEDERAL GOVERNMENT CIVILIAN EMPLOYEES HAS GROWN FROM 800,000 IN LATE 30'S TO MORE THAN 3,500,000!

VETERANS COMMITTEES IN STATE BEING APPOINTED

SACRAMENTO, Aug. 10.—(UP)—Approximately 100 community committees throughout California, established by the recently created state veterans service committee to assist returning world war II veterans in seeking benefits extended to them by federal all state laws, were handed their first job this week.

The committees are being appointed by Col. K. H. Leitch, state director of selective service in each community where offices are maintained by selective service, U. S. Employment service or veterans administration.

NEW SCHOOL BUSES

After almost total lack of new school buses for two years, WPE approved a 1944 production quota of 5,000, of which more than 2,400 already have been released to school where new buses were needed to prevent absences and replace unsafe equipment, the Office of Defense Transportation reports.

Nevada was once a portion of Utah Territory, known as "Western Utah."

To a Machinist with "know how"

If you figure you know your stuff and want a chance to show it... want to work with men who take pride in their job... if you figure a permanent company is your kind of company, then this is your ad. Here at Southern Pacific we want men of your type to work in our big railroad shops or roundhouses... to help rebuild and repair locomotives and other railroad equipment. We think you'll like railroad work... like seeing a locomotive (that you worked on) go out and do a job of pulling war freights or troop trains. And like the men you work with—the kind of fellows you'll want to drop around to the house. New, higher railroad wages. Liberal age limits. Medical service. Fine pension plan. Railroad pass privileges. All the things that make this a really good job.

See or write J. A. McKINNON, Asst. Superintendent, Sparks, Or your nearest S. P. Agent

Our Secret Weapon

IN HIS allegory, "The Pilgrim's Progress," Bunyan tells how Christian, when going through the valley of the shadow of death, found enemies that were immune to the sword with which he had vanquished Apollyon, so "he was forced to put up his sword, and betake himself to another weapon called All-prayer." When the fiends "were come even almost at him, he cried out with a most vehement voice, I will walk in the strength of the Lord God; so they gave back, and came no further." Christian's sword was of no avail against the blasphemies whispered so subtly in his ear that he mistook them for his own thoughts, but the weapon of prayer brought him safely through the ordeal.

One who lived in England during the worst of the blitz, speaking of the wonderful protection experienced by those who sought the way of escape through prayer, said it was difficult to understand unless one were there, but in their darkest hour it seemed the whole nation lived in prayer! Thus did those materially unprepared for war find themselves equipped with a secret weapon of defense. So spiritually empowered were they with courage and a consciousness of nearness to God that they could prove to the world it is possible for civilization to survive the barbarous onslaught of savage modern warfare.

Spiritual power accompanies understanding now as it did when Jesus sent forth seventy of his students to preach and heal, telling them, "Behold, I give unto you power... over all the power of the enemy: and nothing shall by any means hurt you" (Luke 10:19). No weapon of the carnal mind can withstand the Christ-power operative today through enlightened prayer. In the light of Truth the carnal mind, which "is enmity against God" (Romans 8:7), is seen to be a lie, a deception which vanishes before the Mind of Christ.

The rulers of the darkness of deception hold no sway in the realm of light. Their effort, therefore, is to prevent the use of our secret weapon of prayer. Unerring in aim, instant in action, infinite in range, and ever available, prayer is as irresistible in attack as it is invulnerable in defense. Nor can the enemy prevent its use by the Christian soldier. One must guard against resistance of the carnal mind to his use of prayer. Evil would disarm before it attacks, but the very conflict arms the righteous and girds him for victory.

Jesus taught us the use of our secret weapon when he said (Matthew 6:6): "When thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." Writing of this secret but effective prayer in "Science and Health with Key to the Scriptures" Mary Baker Eddy says (p. 15), "The closet typifies the sanctuary of Spirit, the door of which shuts out sinful sense but lets in Truth, Life, and Love." She continues: "In the quiet sanctuary of earnest longings, we must deny sin and plead God's allness. We must resolve to take up the cross, and go forth with honest hearts to work and watch for wisdom, Truth, and Love." And she says further, "The Master's injunction is, that we pray in secret and let our lives attest our sincerity." Those who have learned to use this weapon of prayer are winning priceless victories. Through prayer, the risen Christ comes again through doors which fear has closed, with the sublime message of triumph, "Peace be unto you."—The Christian Science Monitor.

THE MAN AT THE KEYHOLE

by OPERATIVE WE

Attorney General Biddle, who ruled that campaign funds collected by the CIO Political Action Committee is legal (thereby causing some raised eyebrows in informed circles) will soon get an opportunity, our spy advises, to demonstrate whether his interpretation of the law was judicial or political. Republicans are forming a group, with a similar organization set-up, and intend to ask Mr. Biddle for legal sanction to pass the hat.

School teachers in some California districts went on their vacations this year pay-less. Reason: Too much property has been bought up by the government and taken off local property rolls—and school district treasuries were broke!

Sober labor leaders, our operative reports, are tearing their hair as they consider the consequences of activities of incorrigibles in the labor movement. The San Francisco machinists' strike was a case in point. If tie-ups of war work like that continue, labors chance to beat the so-called "right to work" amendment—which was considered tops—may turn out to be not so good.

Reservoir storage of drinking water for four weeks is considered the equivalent in bacterial purification, accomplished by slow sand filtration.

The word "hoodlum" originated in San Francisco's old Barbary Coast.

Borue and Barbara O'Brien of Kings Beach underwent tonsilectomies at Carson City last week. The operations were performed by Dr. Tom, resident of that city. Both children are doing nicely.

New enrollees at the Kings Beach school are David and Joellyn Ashton, Freddie Redinger, Joan and Nolen Hulbert, Donald Clay Carter and Tom Carter.

H & W Club News

(By Louise Geier)

Tomorrow evening, August 11, the H and W Club of Meeks Bay will hold its regular meeting and all members are urged to attend and visitors are always welcome.

The date of the next event, which will be a card party to be held during the latter part of August will be announced later.

On Friday evening, July 28, a dance was held at the clubhouse. This was the first social event of the season and enjoyed by approximately 40.

The California State Unemployment Fund had over \$500,000,000 in June 1944.

BILL BAILY REPORTED HANSEN IS HOST AT IMPROVED IN SOUTH TAHOE DINNER PARTY

Jack Noonan received two interesting letters this week, the first being from Maurice Pollock, who wrote from San Diego to say he had visited Bill Bailey, former old-time Truckee resident, who is recovering nicely in a hospital there following amputation of one leg. Bill was able to be up in a wheelchair and expects soon to be navigating on his artificial limb.

The second letter was an amusing one from an old friend now in Alaska written on a letter head of the Sourdough Roadhouse and printed in Nome. The letter head recited the fact that Harry the Whale was the proprietor, Skoomum Jim the bouncer and Nellie the Pig, entertainer. The place was advertised as the coolest igloo north of 53 where dogs and reindeer are bought and sold. Ice picks, the letterhead noted, are provided for wash basins.

TAHOE CITY, Aug. 10.—Captain Hans Hansen Monday night was host to a party of friends at one of his special dinners. Guests who enjoyed his hospitality and an evening of dancing included Inspector and Mrs. H. E. Blackwell of Sacramento; Patrolman and Mrs. Ben Hepper of Lodi; Mrs. Gals Little of Lodi; Mrs. Charles Trapp and Mrs. Jack Callahan, Mr. and Mrs. Charles Spaulding, Miss Bertha Kreuger and Mrs. Eric Druhn and Mr. and Mrs. C. A. Swanson all of Tahoe.
